

YOUR **TECH** AS A SERVICE

We have rebranded!

To all our customers and suppliers, a new look that reflects our future plans.

We are excited to tell you that we have refreshed our branding to better reflect who we are and you as are part of our corporate family, we felt it's important to share this **exciting news**.

Over recent years we've evolved as a company and we thought it was time our logo did too. We felt that the time had come to update our look to a more modern design, while keeping in-line with our values and mission.

Our new look reflects our passion and our trusted reputation for excellence. Our new brand better reflects our growth, our differentiation and help our clients inspire belief in an ever-changing world. It was time for a brand evolution. Our new brand is more than a logo, we believe it reflects everything from our growth to our exciting plans as well as our people & culture.

WE ARE MVT-SYSTEMS, WE ARE YOUR VIRTUAL TECH OPERATOR OFFERING YOU TECHNOLOGY AS A SERVICE.

OUR MASCOT **THE JELLY FISH**

The primary purpose of our mascot is to help build and strengthen our brand position and identity. It's also a perfect way to reinforce top-of-mind awareness of who we are.

A Jellyfish symbolism and meanings include beauty, wake-up calls, being in flow, regeneration, immortality, and intuition.

There are more than 2,000 species of jellyfishes and they are found in every ocean. So, wherever you go, people are familiar with these gorgeous gelatinous creatures.
